There were two Derby offices, one  
near Piet Retief, listed as first office in  
Encyclopaedia 1894/1914 when  
renamed Burntop, and the other near  
Koster, which is the second office.  
Nos. 1x and 1y pertain to first office  
and all the others to the second office.  
The second office is located on the  
railway line, hence the SO reference in  
1911 is thus related to the second  
office, not the first.
