HEIDELBERG STATION

The postmarks illustrated as No. 1 are typical Cape double circle with cross enclosed by curved bars. These date stamps have been seen on telegram relating to activities in Heidelberg and Albertinia area, which is in the Cape. It is assumed that the 1896/7 RTO listed in the Encyclopaedia is related to the Transvaal. The TO that opened in 1902 is probably the Cape office, which continued as TtO /TO until 1974. This needs further research.
